

THE I. C. GETS IT.

Continued from last page

Louisville and Nashville road issued to the Illinois Central its 5 per cent. bonds, secured by a pledge of the same securities. These securities were placed under the control of a reorganization and purchasing committee, composed of August Belmont, of the Louisville and Nashville; Stuyvesant Fish, President of the Illinois Central; Charles H. Tweed, Mr. Huntington's New York attorney; Edward H. Harriman, director of the Illinois Central, and J. D. Probst.

In December, 1893 about a month after the transfer the State under Section 201 of the Constitution filed a suit to enjoin the purchase by the Louisville and Nashville of a controlling interest in the securities of the Chesapeake Ohio and Southwestern and related properties on the ground that the roads were parallel and competing lines in the meaning of the Constitution, which prohibits the consolidation of such lines. The injunction was granted June 30, 1894, by Chancellor Edwards against the Louisville and Nashville. An appeal was granted to September term of the Court of Appeals. The case was advanced on account of its importance to January, 1895, and postponed until March 1 to await the termination of the Boyle-Toney election case. In the Court of Appeals the judgment of the Chancellor was affirmed without dissent.

The case was by consent advanced to the United States Supreme Court as involving a question of public importance, and was argued last January by Alex P. Humphrey and George M. Davis for the Commonwealth and Jas P. Helm, of Helm & Bruce, and Edward Baxter of Nashville, for the Louisville and Nashville railroad.

COMPULSORY EDUCATION.

The Hobby of Mr. Hiles Is a Law in the State of Kentucky.

The legislature before it adjourned surprised the state by passing an act that is more important than the election of a senator; it is a compulsory education law and as it effects every home in the state where there are children it is published below in full:

"Sec. 1. That every parent, guardian or other person in the state of Kentucky, having the control of any child or children between the ages of (7) seven and (14) fourteen years, shall be required to send such child or children, annually at least (8) eight weeks, which attendance shall be consecutive to some public or private day or night school for children; provided however, that this act shall not apply in any case where the child has been or is being taught at home in such branches as are taught in public schools for a like time and subject to the same examination as pupils of the district or city in which the child resides, or whose physical or mental condition renders his or her attendance impracticable, or who has been excused by the trustees of the public school district, or the board of education of the city in which the parent, guardian or person having control resides, upon its being shown to their satisfaction that the parent, guardian or person having control was not able, by reason of poverty, to clothe such child properly or that he or she has already acquired the ordinary branches required by law, or that there is no white school, or colored school in the case of colored children, taught within two miles by the nearest traveled road.

"Sec. 2. Any parent or guardian or other person failing to comply with the provisions of this act shall forfeit to the use of the schools in the city, town or common school district in which such child resides, a sum not less than (5) nor more than twenty (20) dollars for the first offense, nor less than ten (\$10) nor more than fifty (\$50) dollars for the second and every subsequent offense, and cost of the suit.

"Sec. 3. It shall be the duty of any school trustee or president of board of education to acquire into all causes of complaint and neglect of duty prescribed in this act and he shall notify in writing the parent, guardian, or other person so offending that such complaint has been made, and if the cause be not shown within five (5) days, to at once proceed against the responsible persons, as is hereby provided; and any school trustee or president of the board of education neglecting to undertake such prosecution in good faith for such offense, within (10) days after written notice has been served on him by any taxpayer in said district or city, unless the person so complained of shall be excused by the district or city board, or board of education, for the reasons herein before stated, shall forfeit to the public schools in the city, town or common school district in which said trustee or president of the board of education resides, a sum not less than ten (\$10) nor more than fifty (\$50) dollars.

"Sec. 4. Any person having control of a child, who with intention to evade the provisions of this act shall make a wilfully false statement concerning the age of such child, or the time such child has attended school shall forfeit for each offense a sum not less than five (\$5) dollars nor more than twenty (\$20) dollars, for the use of public

schools for such town or district.

"Sec. 5. Any person or persons mentioned in this act who are sued for, and recovered by, or any court of record or justice of the peace of the commonwealth of Kentucky, for the use of public schools of the city, town or district in which the child resides.

"Sec. 6. That upon the trial of any offense as charged herein, if upon such trial it shall be determined that such prosecution was malicious, then the cost in such cases shall be adjudged against the complainant, and collected as fines in other cases.

"Sec. 7. The conditions and provisions of this act shall apply to any parent, guardian or person having control of any colored child or children, in like manner as in sections 2, 3, 4, 5 and 6, but no colored child shall be permitted to attend or become a pupil in any school for white children."

CHRISTIAN ENDEAVOR.

Easter Sunrise Meeting and House-to-House Visiting Report.

The editor of the KENTUCKIAN having kindly allowed us this column, for the publication of Christian Endeavor news, we, the Press Committee, take pleasure in making our bow to the readers of this periodical.

We will publish here, once a week, news concerning every phase of Endeavor work. In this way, we hope to keep the public apprised of the great amount of good being done by the societies here and everywhere. For the benefit of Endeavorers, we will publish plans of work being pursued, and to be carried out, by active workers in different parts of the country, which we trust will stimulate and encourage, and thereby increase the efficiency of societies in this vicinity.

Thanking the management for the space, and trusting this department will be accorded all the interest it deserves, we remain,

THE PRESS COMMITTEE.

On next Sunday morning, April 5th, at six o'clock the Local Union will hold its annual Easter Sunrise prayer meeting in the audience room of the Cumberland Presbyterian church. This rather unusually early hour, has been decided upon so as not to conflict with other early meetings which will be held. But any one who has ever attended one of these early morning services, will be sure not to allow the time which has been set for the meeting, to prevent them from attending. The early meetings are the sweetest we have. On the beautiful Easter morning, when all nature awakes to new life, is chanting anthems of praise, it is befitting that we should come out and express our thanks for this promise of newness of life.

The church will be suitably decorated for the occasion and to every one who attends is promised a delightful hour. It is hoped that all Endeavorers and every one else who is so inclined, will come prepared to participate in this service. A cordial invitation is extended to everybody to be present.

It is requested that all Endeavorers keep this meeting prominently before the public, and use their utmost means to insure a large attendance.

The plan of the leader is to conduct a simple, ideal Endeavor prayer meeting, in which all will take part.

HOUSE-TO-HOUSE REPORT.

No. of families visited 679.
No. of printed invitations to S. S., 500.

No. over 21 not church members, 271.
No. between 4 and 21 not church members, 645.

No. over 21 not in Sunday-school, 1263.
No. between 4 and 21 not in Sunday-school, 254.

No. of church members having their membership elsewhere, 111.

The above figures do not include the boarders in the schools, many of whom are Christians, all of whom attend Sunday-school.

It ought also to be stated that some of those reported "not in Sunday-school," belong to the Home Dept. of S. S. And now for a few explanations and suggestions:

1. The work was as thoroughly done as we could do it. Some few were over looked, but not intentional.

2. The visitations were undertaken in the interest of no one church, but of every church in the city. The information gathered has been given to the church to which it belongs.

3. Those who made this canvass were cordially received and deeply impressed with the importance of this work and of the good that may thus be accomplished.

4. The work thus far has been done by the Local Endeavor Union as such, but now must be prosecuted by the individual churches. The greatest blessings are yet to come from this visitation, if those interested in the work of their church will further prosecute it. The above figures show the opportunity for work.

And as the Endeavorers began this work for "Christ and the church," let them, and others, continue it "for his name's sake."
